

# Entirely amendment of diving system

## ■ Summary of Major Amendments

Related Rules/Guidance	Effective date
Rules/Guidance Pt 9 Additional Installations	2020.7.1. (The contract date for ship construction)

## ■ Major Amendments

### ○ Reason for Amendments

– As reflected the requirements of the diving simulator (equipment implemented similarly to the marine environment on the ground for submersible training), requirements that cannot be applied to diving equipment installed on actual ships have been identified.

### ○ Amendments

– IMO Res.A.831(19) Code (safety for diving system), IMCA(International Marine Contractors Association), etc., have been reflected.

### ○ Impact Analysis

✓ Indication of any impact on and/or contribution to safety, security or environmental protection

: Increased safety by amendment of regulations to meet international regulations

✓ Indication of any impact on net and gross scantlings

: N/A
