"Kormarine Conference 2019"

"Kormarine Conference 2019" provides an excellent opportunity to discuss and develop strategies to overcome recent crisis that shipbuilding and other maritime industries have confronted.

This conference is interested in a wide variety of topics including changing global economy, energy & environment issue, seaborne trade, offshore plants, and production industries of relevant machineries.

Under the theme of "Digital and Green Ocean", the 6th "Kormarine Conference 2019" intends to gather expert opinions on the future of maritime industries and develop a strategy to maximize their future growth.

"Kormarine Conference 2019" will transform the crisis into an opportunity to revitalize the ocean economy.

We appreciate your participation.
